User Information Sheet

Ronco Item No : **50-436**

Product Features :
- ABS earcups that offer class leading impact resistance, heat resistance, low temperature resistance & chemical resistance
- Multi position rotators that gives the user a great deal of flexibility while using with other PPE
- Built with user needs in mind to keep the noise out but let important sounds like voice, signal , alarms in
- Dielectric/ plastic construction to keep users safe in electical environments
- Bright Yellow colour that permits high visibility and makes safety checks easier

Maintenance:
- Cushions should be wiped clean after each use
- Cushions & foam pads should be clean with mild soap and water or alcohol swabs and allowed to air dry
- It is recommended to check cushions and foam pads at frequent intervals for cracking and leakage as these may deteriorate with use.
- Replace ear muffs as and when necessary.

Storage & Handling : Store in original packaging at room temperature away from direct sunlight and moisture.

Special Notes : Although reasonable care has been taken in the preparation of this document, no warranties are extended and no liability is assumed. The information is solely provided as a general guideline for product use and care. It is up to end-users to make their own determination as to the suitability of the product for their own intended purpose(s). Misuse or failure to wear hearing protectors at all times that you are exposed to noise may result in hearing loss or injury.
